Preparing for Employment Programme	

Astor Students only

I will/will not be returning to Astor College (delete as applicable)

If not returning, what is your expected destination? _____

Sixth Form Options 2020-21

Overleaf, you will find a Sixth Form Option Form.

You should do the following:

- Write your name and tutor group (if applicable) in the spaces provided.
- If you think you will gain 5 GCSEs at Grade 4 or above in five different subjects, fill in the ADVANCED section of the form.
- If you think you will gain less than 5 GCSEs at Grade 4 or above, fill in the INTERMEDIATE section of the form.
- If you think you are on the borderline of these two extremes, or are unsure of how many grade 4s you will obtain at GCSE, then fill in both the advanced and intermediate sections of the form.

How to fill in the ADVANCED section of the form

- Each A level you choose must be from a different block, ie you may only choose ONE A level from each block. However, if there are two A levels in one block, that you really feel strongly about, then ring them and make a note on the back of this form that you would like to do them both, and why. We cannot promise to do anything about clashes, but we do look at it carefully, especially if a large number of people are affected.

How to fill in the INTERMEDIATE section of the form

- You should choose one of the available options. This course will bring you up to the standard of 3/4 GCSEs with Grades 4 or above in one year.

Feel free to talk to staff about your choices.

Return this form to Mrs Walton or Mr Davies by 15 JANUARY 2020.

REMEMBER, YOU MUST ALSO APPLY ONLINE AT

www.kentprospectus.com
